

November 2004

Barratt

Hand Crafted Wines of Excellence

Vine shoots are growing rapidly with promise of a good season ahead and the garden is a riot of colour, with roses about to burst onto the palette. A new Japanese Garden is taking shape and will be a part of the beautiful outdoor area where visitors are able to sample the wine, food and ambience of Uley.

Summer Wines

The **2004 Sauvignon Blanc** is released and shows classical tropical, citrus and herbaceous aromas and flavours. Beautiful summer drinking!

Last summer Rosé appeared to be gaining popularity around restaurants and bottle shops in Adelaide.

Already popular in Southern France, it is a wine style which has been much overlooked in Australia as an alternative to red or white.

Lindsay has made our **2004 Piccadilly Sunrise Rosé** in a semi-dry style and from our very best Pinot Noir grapes. It is a beauty and already proving popular with visitors to cellar door and restaurants.

2002 Wines

These are selling fast especially since the recently released James Halliday's Wine Companion 2005 review. We have had outstanding reviews and 'The Reserve' Pinot Noir top scored with 96 points (along with four others). Not only that, our 'Bonython' Pinot scored 95 points! Read all about it in the attached copy. This is another chance to order before the stocks disappear.

Cellar Door at Uley Vineyard ...

Weekends and most public holidays from 11.30 am until 5 pm

Visitors are thoroughly enjoying our cellar door experience, leave with smiles and promises to return and bring friends. We offer personal attention, the current release wines for complimentary tasting or the options to purchase half or full glasses of wine and food platters. Visitors are also invited to walk through the garden and to the top of the hill for stunning views over Piccadilly Valley to Mount Lofty and to the

east towards Basket Range. After having poured our hearts into the garden and property for fourteen years, it is rewarding to share our idyllic surroundings.

We are both enjoying the Cellar Door experience: it has added another dimension to our lives.

Hills Harvest Festival

Uley is a perfect spot for small functions and the luncheon we held at the last Hills Harvest Festival was a great success with Tina Llewellyn providing exquisite food and with us pouring our exquisite wines! The next Festival is at the end of February and again Uley will be a venue. The luncheon will be on Saturday, 26 February and we will also be open for casual visitors to enjoy glasses of wine and food platters on the Sunday.

Order Forms are enclosed. We welcome orders by mail/fax/email or, if you are able, call at cellar door and try what you buy.

All the best, Lindsay & Carolyn
